Office Positions

Survey Chief of Parties

Proactive Engineering Consultants (PEC) is seeking an experienced Land Surveyor with leadership skills and a passion for overseeing complex projects. We are looking for a Chief of Parties to lead our survey teams and ensure the success of large-scale surveying projects from start to finish.

Responsibilities:

- Lead and manage field survey crews on various projects including boundary, topographic, and construction staking tasks.
- Maintain crew schedule and tasking for three to five crews.
- Ensure all survey data and notes are accurate, precise, and completed promptly.
- Work directly with project managers, Engineers, and superintendents to communicate project updates and resolve any field issues.
- Perform quality control on all field data, create reports and provide recommendations for improvement of field practices.
- Train, mentor, and guide junior survey crew members, fostering a productive and collaborative work environment.
- Ensure compliance with all local, state, and federal survey regulations and safety standards.

Requirements:

- At least 8 years of hands-on experience in land surveying, with 3+ years in a supervisory or leadership role.
- Expertise in survey data collection, boundary determination, and construction staking.
- Strong problem-solving skills with the ability to make quick, accurate decisions in the field.
- Excellent communication skills to work effectively with teams, clients, and contractors.
- California L.S. or L.S.I.T. preferred.

Company Benefits Include:

- Medical, dental, & vision insurance plans
- Life insurance
- Vacation & Sick time accrual
- 401K program with employer matching
- Annual reviews
- Performance bonuses
- Cross-training potential
